Happy Fall- November 2019!

November 11 is Veteran's Day. World War I – known at the time as “The Great War” - officially ended when the Treaty of Versailles was signed on June 28, 1919, in the Palace of Versailles outside the town of Versailles, France. However, fighting ceased seven months earlier when an armistice, or temporary cessation of hostilities, between the Allied nations and Germany went into effect on the eleventh hour of the eleventh day of the eleventh month. For that reason, we honor all our Veteran's on November 11 at 11:00AM. Get it? 11/11 at 11AM?

Our Service people, volunteer and spend years in the military keeping Americans safe. Their service allows us to lead the lives that we do here in the USA. If you know of a family member, friend or possibly a neighbor that spent time in the military- tell them Thank You! (I will say Thanks to my dad who was in Korea and my brother Jim who served 20 years in the Navy.)

I love Thanksgiving, we fill the house with family, food & fun. I think my next favorite part is leftover turkey sandwiches. Enjoy the holiday weekend- hope you get lots of pie. Stay safe and read a book it's good for you.

Thanksgiving

Thanksgiving Day is a national holiday celebrated as a day of giving thanks for the blessing of the harvest of the preceding year. It is celebrated on the fourth Thursday of November in the United States. Several other places around the world observe similar celebrations. As President of the United States, George Washington proclaimed the first nation-wide thanksgiving celebration in America marking November 26, 1789, "as a day of public thanksgiving....". Abraham Lincoln made it a National Holiday in 1863. In 1941 Congress declared the 4th Thursday in November as Thanksgiving.

A group of people left England in 1620 aboard the ship the Mayflower. They were looking for a new land for freedom. We know them as The Pilgrim's. The first thanksgiving feast in 1621 occurred sometime between September 21 and November 1. The harvest festivals gave thanks for plentiful crops because that year the Pilgrim's fall harvest was very successful and plentiful after a period of drought. There was corn, fruits, vegetables, along with fish which was packed in salt, and meat that was smoke cured over fires. The Governor proclaimed a day of thanksgiving that was to be shared by all the colonists and the neighboring Native American Indians.

It lasted three days and included 50 surviving pilgrims and approximately 90 Wampanoag Indians, including Chief Massasoit. Their menu differed from modern Thanksgiving dinners and included berries, shellfish, boiled pumpkin, and deer.

World's Largest Turkey

The largest turkey ready to put in the oven weighed 86 pounds according to Guinness Book of World Records. That is a very big bird.

Male turkeys are “Toms” females are “Hens” & babies are “Poults”. Male turkeys are the only ones that “gobble”.

Benjamin Franklin wanted the turkey to be the national bird of the United States. But it was Thomas Jefferson who opposed him. It is believed that Franklin then named the male turkey as 'tom' to spite Jefferson.

The US eats 575 Million pounds of turkey for Thanksgiving.
